My Work Experience

In my career I took part in several organizations and helped them grow. Being a professional graphic designer is my passion, so I enjoy completing design work and trying something new in each of my projects.

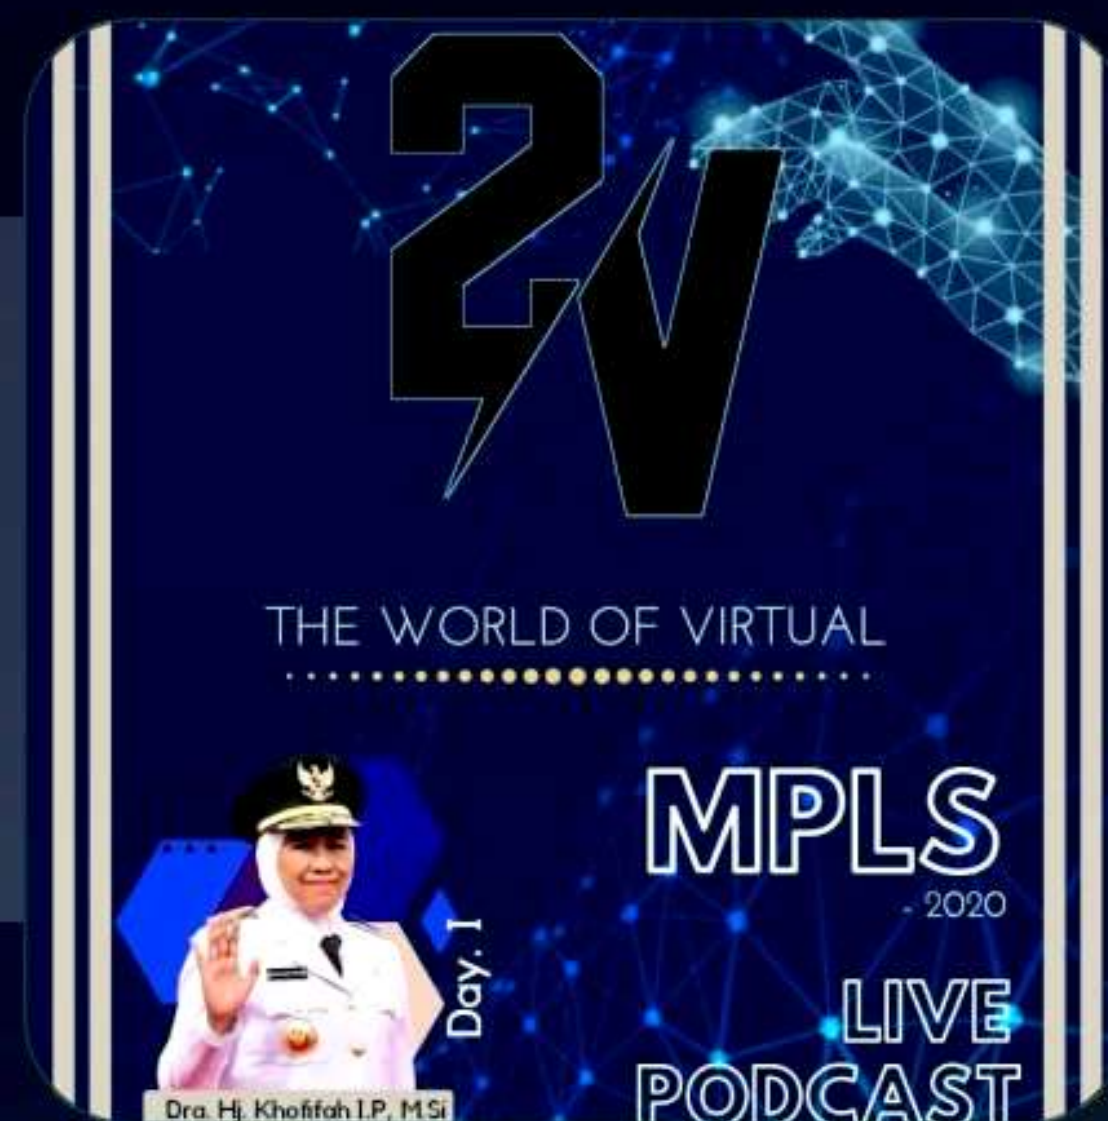

Book Cover Illustration

I proposed this book cover design when I joined a school yearbook organization when I was in high school

Flyer Design

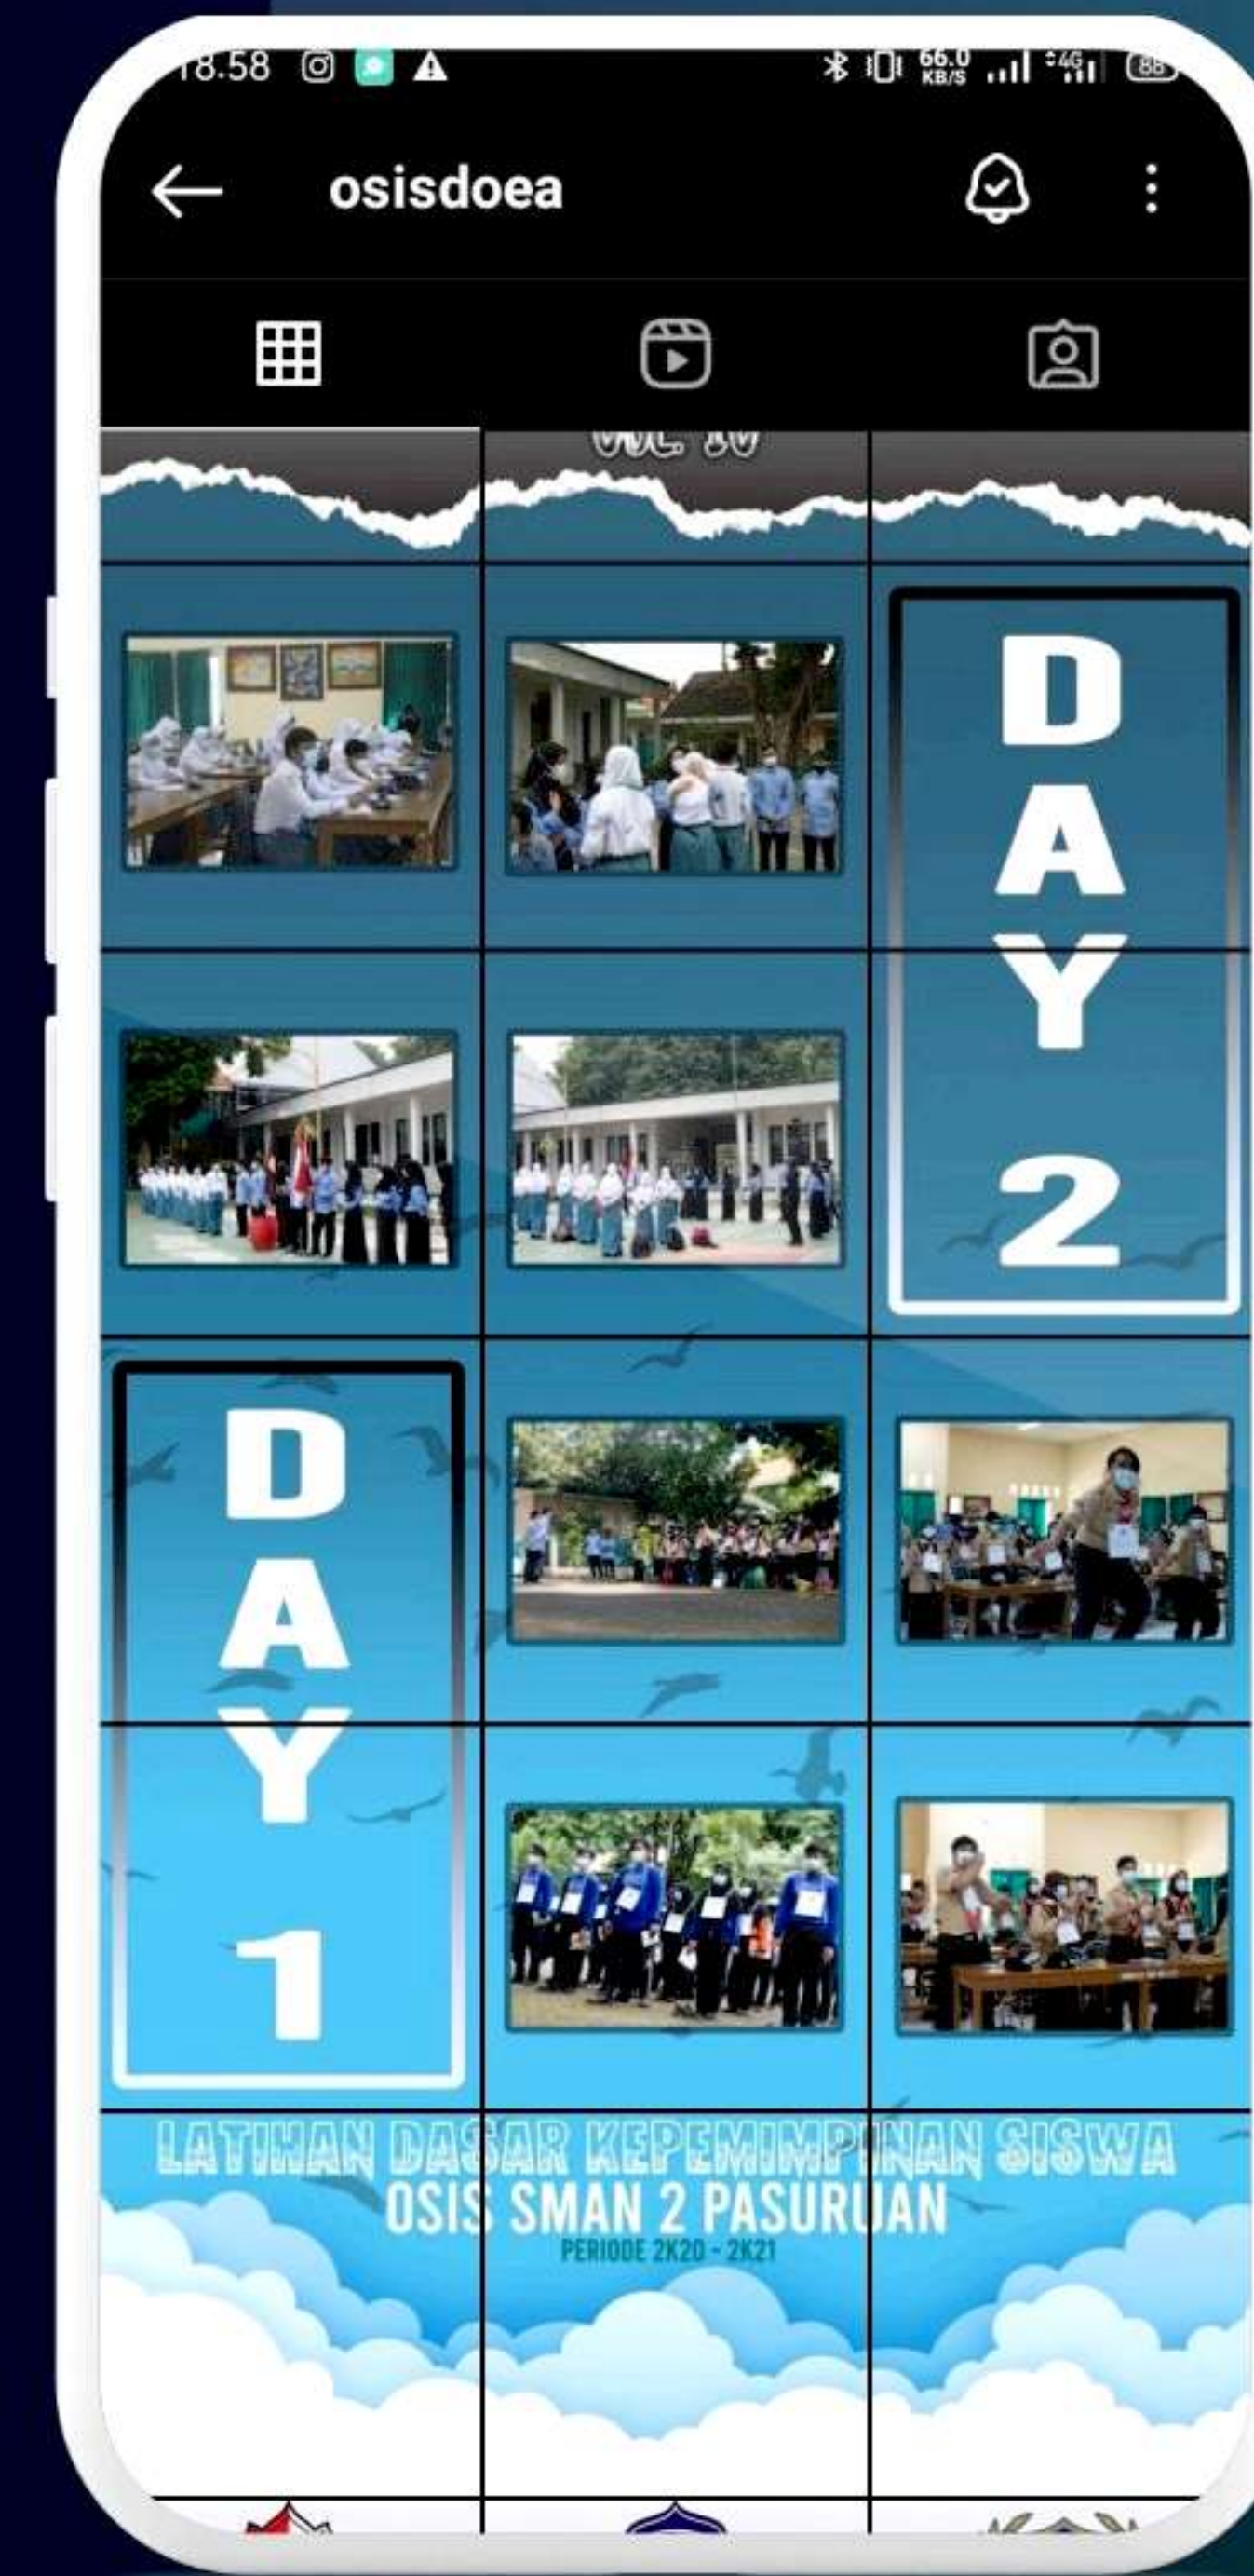

I make various posters for school events such as MPLS events, theater, and member recruitment. One of my best works is the poster I sent to take part in the FLS2N festival in 2019, and I was number 9 on the national stage.

Social Media Design

I joined several school organizations, one of which was OSIS SMAN 2 PASURUAN, and when I became a member, I was appointed to make designs, one of which was promotion and documentation on social media.

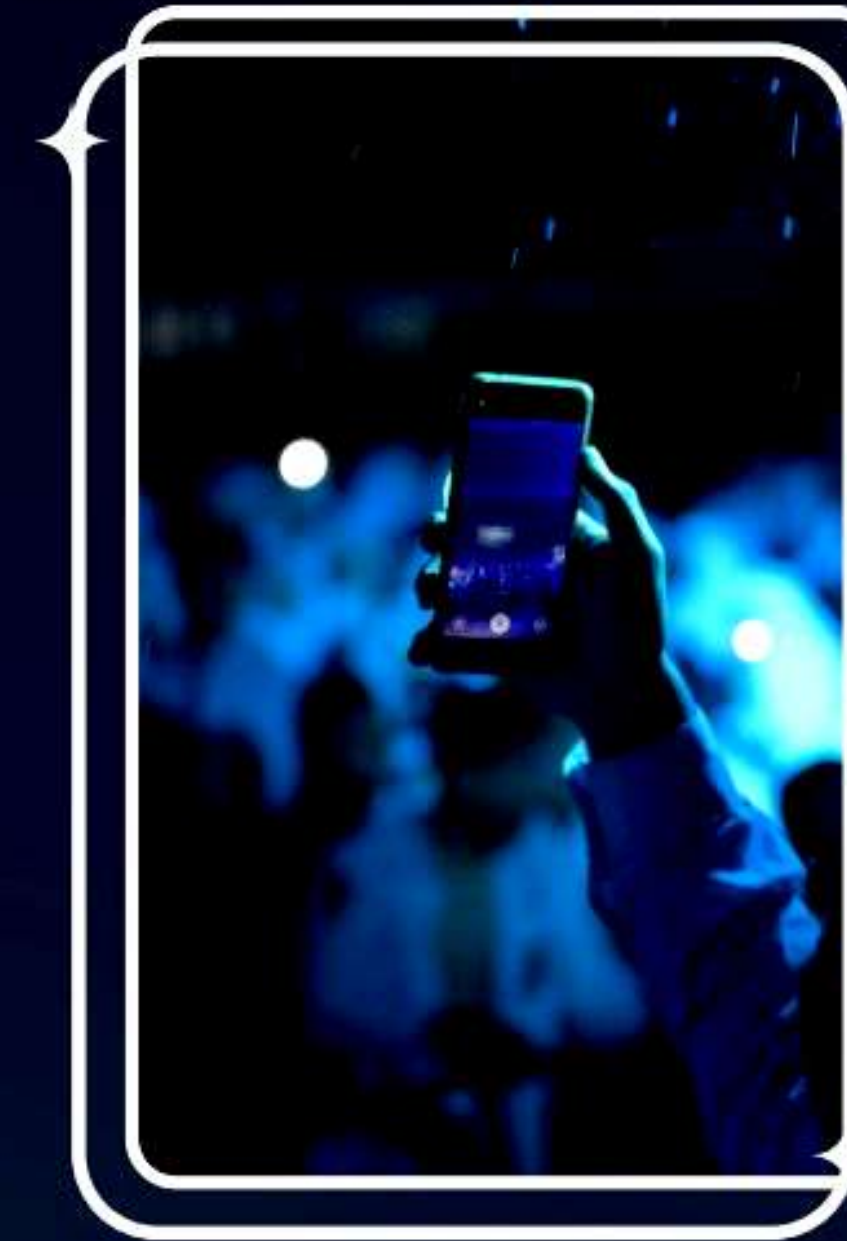

One of my works was when I created a documentation feed for the OSIS LDKS event and the election of the OSIS chairman.

Photography

In the organization, I am always chosen to be one or even head of the PDD division.

As part of the PDD team, I don't escape documentation, some of the examples below are the results of my shots using a camera

Brand Logo Design

The logo on the side is the result of my work and the team helped me create a brand or face for several events and products.

Thank you
